* Note by the Clerk of the Union:

Col. "Liabilities."—The form of the Accounts does not contemplate keeping an account of the Liabilities of each Electoral Division for each month; this would in fact involve a monthly audit of the accounts. It is only at the end of each half-year that the amount chargeable against each Electoral Division is ascertained and made. Before commencement each month a period of the years different in that to which the accounts of each Electoral Division are made up, it is impossible to give accurately the Liabilities, even for the year, with it. He hopes that this Return commences and ends. But the total debits of each Division could be given from 25 March to 29 Sept. or 29 Sept to 25 March, in any year these being the days to which the accounts for each half year are audited. Not having been accustomed with any form of Return, I was obliged to frame and head it as above, for using the words of the Commissioners' Letter which, I presume, followed the words of the Order requiring the Return.
